NARRATIVE AND INFORMATION SECTION**

2026 AUTHORITY BUDGET MESSAGE & ANALYSIS

Southeast Monmouth Municipal Utilities Authority

FISCAL YEAR: January 01, 2026 to December 31, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2026 proposed Annual Budget and make comparison to the Fiscal Year 2025 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The CY2026 budget of the Southeast Monmouth Municipal Utilities Authority totals \$4,138,049, 1.7% less than the 2025 budget. The operating expenses charged by the contract operator will be \$230,000, \$15,000 higher than CY2025. Debt service, at \$712,163, is down 26% vs. the prior year budget. Contributions to the capital improvement reserve has not changed from year to year.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

The proposed operating budget will have little impact on the rates charged to residents of the five member municipalities. Local and regional economic factors should not impact the ability to raise revenue for the annual budget or implement the capital budget.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

Unrestricted net assets are not used as a revenue source in the CY2025 proposed budget.

FISCAL YEAR: January 01, 2026 to December 31, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

There are none.

5. The proposed budget must not reflect an anticipated deficit from 2025 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

There is no existing or anticipated accumulated deficit to be funded in the CY2026 budget.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?

FISCAL YEAR: January 01, 2026 to December 31, 2026

Answer the question below using the space provided.

6. Attach in FAST a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) if it has been changed since the prior year budget submission and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in rate structure, if applicable. (If no changes to fees or rates, indicate answer as "Rates Are Staying The Same").

The SMMUA does not utilize a rate structure in allocating contract operation fees or debt service and administration costs to the five member communities, but rather a percentage of the costs are allocated to each community based on the percentage of treated water allocated to each municipality and percentage of linear feet of transmission system within each municipality.
